CG Animated Feature

RLT is looking for a Line-Producer/Animation Producer. This is for an independent CG animated feature that is being led out of Montreal (creative & production supervision, pre-production, key animation) with the balance of production out of India. Well-known industry vets/producers are part of this high-end creative crew.

This position starts ASAP and is a 24-month (100 week) contract with possibility to move on to future projects. This is a fantastic opportunity for the right person to move into the role of Line Producer.

Must Have Experience:

- Worked on an animated feature film as a line-producer/animation producer, but we will consider Associate Producer or Production Manager with Feature Animation Experience
- Experience managing pre-production teams (storyboarding & art departments) in addition to CG. A strong candidate for this position will be a good floor producer, someone who can manage the pre-production, work with Directors and manage expectations.
- Willing to relocate to Montreal (relo to be negotiated on a case by case basis)
- Willingness to travel to India at key phases of production
- Must have a very solid knowledge of CG

To expedite process, please submit resume to talent@rachelelewis.com.

If you fit the criteria needed for this position we will email you to set up a phone call.

Thank you.
