

Position: VFX Pipeline Developer

Location: US / Remote

Contract: Starts ASAP, Full-time/Permanent

Contact: dana@rachelelewis.com

RLT has a client that is seeking a VFX Pipeline Developer for their boutique VFX studio in California, currently working on high-end VFX projects.

Responsibilities:

- Writing and maintaining code to improve and expand Production Tracking and Asset Management
 - Primarily Python2.7/3, Bash, and Javascript. Git for version control.
- Integrate with 3rd party Application and Cloud APIs
 - Autodesk Shotgun/Shotgrid and Maya, Nuke, Substance Painter, Gaffer, Unity3D, Unreal Engine, AWS, GCE
- Familiarity with writing code to query databases.
- Experience with distributing workloads across multiple compute nodes.
- Design and implement intuitive Uis (primarily PySide/PyQT)
- Write modular, reusable, well-documented code.
- Interface with Production and Creative Leads to gain a full and clear understanding of issues to be solved.
- Find creative and efficient solutions to complex problems in a fast-paced environment.
- Systems and Network Administration Experience in any of the following areas is a definite plus
 - Network and Firewall configuration (network segmentation and ACLs)
 - Docker / Containers / VMs / Reverse Proxy / Certificates
 - InfoSec / Central Log Management, Alerts
 - Network and Storage performance tuning
 - Workstation, Server, Network hardening
 - Onsite/Offsite Backup and Disaster Recovery
 - OnPrem to Hybrid preparation
 - Infrastructure as code / Configuration Management

- Be prepared to act on any of the above responsibilities at any time, day or night
- Pitch in to production work where feasible
- Contribute to the success of the company on a daily basis

Requirements:

- Required Programming experience, preferably in the VFX/Animation industry
- 3-4 plus years of experience in a related field
- Experience in Linux is desired
- Bachelor's degree in computer science or related fields
- Self-starter able to work in a team environment
- Able and willing to follow direction and collaborate productively with others
- Skillful research and analytical skills
- Ability to interpret and apply complex technical information
- Ability to multi-task and maintain productivity
- Excellent written and verbal communication skills

If you're interested in talking about this excellent opportunity, please send your resume to dana@rachelelewis.com.

If you fit the criteria, the next step would be setting up a phone or zoom where we can give you the full download after signing an NDA (requested by the client).

Thank you - <http://rachelelewis.com/>

Contact: dana@rachelelewis.com with resume if interested.
