

POSITION: VOLUME CONTROL SUPERVISOR

LOCATION: Los Angeles, California

CONTRACT: FT Staff / ASAP

CONTACT: maryanna[@]rachelelewis.com

RLT is seeking a Volume Control Supervisor for an exciting client, a top-tier Virtual Production group in Los Angeles.

JOB SUMMARY:

This supervisor will be the direct communicator between the Volume Control team and the Virtual Production Supervisor from production. They should have a deep understanding of the company's toolkit and be able to speak fluently about feature sets, capabilities and restraints of our company's Platform. Will work with the VP Supervisor during the pre-production phase to build a Volume Control plan that will be executed during production. Will build a testing and reporting system that falls in line with the requirements of production. Will liaise directly with CTO and VP of Engineering on any new feature requests from Production and communicate relevant timelines for those development tasks.

RESPONSIBILITIES & QUALIFICATIONS:

- Project & Personnel Management
- Good communication skills
- Client facing
- On-Set experience preferred
- This position will act as the catchall for implementation of the company's Platform across the production they are on. The ideal candidate will need to have a level headed temperament in times of high stress and understand how to use the word "NO" in order to ensure all asks of production are realistic. Having clear communication is of paramount importance to this role.

If you're interested in talking about this excellent opportunity, please send your resume to **maryanna[@]rachelelewis.com**.

If you fit the criteria, the next step would be setting up a phone or zoom where we can give you the full download after signing an NDA (requested by the client).
