RLT is seeking a **Senior Frontend Engineer** for our client. This company develops modern cloud infrastructure intended to provide computing resources for blockchain and projects. The company has entered a stage of hyper-growth that you will not want to miss out on!

JOB SUMMARY:

Our client is looking for a Senior Frontend Engineer that has a passion for frontend development. You will be working with a team of engineers to make our client's complex applications accessible for their customers. You will work both autonomously and collaboratively on projects from start to finish, writing clean, maintainable and testable code. You will work closely with the backend teams to solve complex issues, and offer new ideas to make the overall experience better for the company's customers.

REQUIREMENTS:

- Passion for frontend development
- Proficient in HTML, CSS, JavaScript/TypeScript, and frontend build tools
- 3+ years of professional frontend engineering experience
- Strong knowledge of industry best practices
- Experience with numerous JavaScript frameworks (React)
- Experience translating UI/UX design requirements into a functioning interface
- Ability to organize and build project frontends from the ground up
- Ability to research and select the best fitting frontend tech stack
- Ability to take ownership of your projects and lead the architecture
- Aptitude for organizing code to be efficient, reusable, and maintainable
- Must embrace collaboration, teamwork, and communication

NICE-TO-HAVES:

- Analytical background
- Awareness of backend development techs/strategies (e.g. Node.js, Python, Rails, Django)
- Deployment and CI/CD tool experience
- Docker/containerization experience
- Knowledge about GraphQL and Arolo

If you're interested in talking about this excellent opportunity, please send your resume to **[dana@\[rachelelewis.com\]](mailto:dana@[rachelelewis.com])**. If you fit the criteria, the next step would be setting up a phone or zoom where we can give you the full download after signing an NDA (requested by the client).
