

POSITION: Deepfake Artist

LOCATION: US / Canada Remote

CONTRACT: FT Contract

CONTACT: [dana@\[rachelellewis.com\]](mailto:dana@[rachelellewis.com])

RLT is seeking a **Deepfake Artist** for a client working on the next evolution of digital humans built for film, music, NFTs and gaming in the metaverse. If you're ready to work on truly bleeding edge technology, with a group of industry veterans from the highest levels, give us a shout. This is a unique opportunity to make a career change and have your talents and voice be highly valued.

JOB SUMMARY

Our client is seeking a Deepfake specialist to join their team to form a pipeline presence during the expansion of their growing company. They will help facilitate efficient methods for facial replacement for a wide range of projects and collaborate closely with production to ensure they have the efficiencies needed to keep the crew focused.

RESPONSIBILITIES

- Develop, document, and maintain tools for our client's deepfake pipeline
- Conduct ongoing research and recommend workflows that will improve efficiency
- Setup and configuration the systems to meet technical specifications
- Assist with monitoring of disk space and rendering resource usage
- Collaborate with programmers and Supes to develop and test new features, prototype and provide useful feedback during R&D phases
- A demonstrable level of technical knowledge combined with strong creative and visual instinct
- Train and support artists in using pipeline tools

REQUIREMENTS

- Good understanding of the entire visual effects process, from shooting to modeling and texturing, animation, rendering and compositing
- Detail oriented with a strong ability to multitask and problem solve independently
- An understanding of networking and performance issues that arise with large VFX projects, or large cloud-based systems

- Familiarity with modern development tools and processes such as working within sprints, ticket tracking, Git/GitLab/GitHub, code reviews, CI/CD, and regression testing
- Knowledge of color science used in visual effects industry

If you are interested in talking about this opportunity, please email us and include your resume and reel.

If you fit the criteria, the next step would be setting up a phone call where we can give you the full download after signing an NDA.
