RLT is seeking a **Rigging Artist** for a client working on the next evolution of digital humans built for film, music, NFTs and gaming in the metaverse. If you're ready to work on truly bleeding edge technology, with a group of industry veterans from the highest levels, give us a shout. This is a unique opportunity to make a career change and have your talents and voice be highly valued.

JOB SUMMARY

Our client is looking for Rigging Artists to work on the creation of rigs for 3D human digital characters.

RESPONSIBILITIES

- Creating bespoke rigs for creatively led jobs
- Working within a team to create the best solutions for the required rigging systems
- Helping to design tools, techniques and pipelines

REQUIREMENTS

- 2+ years of working experience in character/creature rigging with Maya, in a gaming or animation production environment
- An excellent understanding of VFX workflows and animation requirements, including the principles of character motion
- Great understanding of deformation, geometry line-flow, and anatomy
- Experience with muscle systems like Ziva is preferred
- Good understanding of asset-based pipelines
- Knowledge of LINUX / UNIX environment is a plus
- Exceptional problem-solving skills
- Able to complete with efficiency and in a timely manner, both character and object rigs
- Excellent time management, communication, and organizational skills
- Strong knowledge of the animation pipeline
- Familiarity with MGear
- Must be comfortable working on multiple projects at a time

- Must be a self-starter and have excellent teamwork skills

If you are interested in talking about this opportunity, please email us and include your resume and reel.

If you fit the criteria, the next step would be setting up a phone call where we can give you the full download after signing an NDA.
