POSITION: 3D Character TD / Rigger
LOCATION: US Remote
CONTRACT: Full-time / Permanent
CONTACT: katharine[@]rachellelewis.com

RLT is seeking a ***3D Character TD / Rigger*** for a US-based client that is building something special: new kinds of toys, and new experiences to go along with them. This is a well-positioned startup led by individuals from the Feature and Gaming space on a mission to empower, educate, and entertain the next-gen of collectors around the world. Already receiving excellent press and employee reviews, this company is setting themselves apart from other "NFT" developers on a number of fronts.

JOB SUMMARY
The Character TD / Rigger will be responsible for creating modular character body, facial and props setups, supporting animators and other developers with scripts and tools, while contributing in the implementation and maintenance of the company's animation and rigging pipeline. The ideal candidate will have experience in Maya to Unity workflows, and be well versed with Python and Mel scripting.

RESPONSIBILITIES
- Work with the Pipeline and Animation teams to develop and maintain modular rigging systems for both realtime (Unity) and pre-rendered animation (Maya)
- Contribute to the planning and ongoing development of the animation pipeline, tools, and processes
- Develop skinning and animation tools in Maya
- Assist the animation team in troubleshooting animation problems as they arise.

REQUIREMENTS
- Over 5 years of AAA production experience
- Advanced skills in skinning and rigging in Maya
- Experience creating highly expressive facial rigs
- Strong knowledge of Mel and Python
- Experience with the animation system in Unity and a strong understanding of the Maya to Unity workflow
- Knowledge of bipedal movements and locomotion
- Excellent communication and cooperation skills.

If you are interested in talking about this opportunity, please email us and include your resume and reel. If you fit the criteria, the next step would be setting up a phone call where we can give you the full download after signing an NDA.
