

POSITION: Pipeline Developer

LOCATION: Southern Europe

CONTRACT: Starts ASAP, Full-time/Staff

CONTACT: maryanna[[@](mailto:maryanna@rachellelewis.com)]rachellelewis.com

RLT is a recognized global leader in VFX and animation talent acquisition. We have over 25 years of experience originating from our work inside top-tier Hollywood studios. Our clients hire our firm to assist in their senior talent acquisition needs (we are not your ordinary recruiters, nor are we “headhunters”).

We are seeking a **Pipeline Developer** for our client, an award-winning top-tier production and post-production facility based in Southern Europe. This young, spirited company specializes in creating exciting and innovative content across vfx, cg, and animation for commercials and music videos. Their clientele includes high-profile international brands and entertainers.

JOB SUMMARY

The **Pipeline Developer** is part of a studio team responsible for developing and supporting tools to accelerate workflow in the production of high quality Visual Effects imagery.

RESPONSIBILITIES

- Develop pipeline tools and processes to meet production needs
- Create and update documentation explaining our processes and tools
- Ensure tools and processes meet the global pipeline framework and tracking systems
- Take ownership of technical issues and work with the pipeline team and artists to find appropriate resolutions
- Implement and document pipeline tools, scripts, and procedures to support the development and deployment of creative productions

REQUIREMENTS

- Python 2.x/3.x and/or C++.
- Shotgrid and one or more software APIs: Houdini, Nuke, Maya, Redshift and Arnold.
- Experience with revision control systems such as Git or SVN is preferred.
- Understanding of production processes for film and television.

- Must be able to communicate eloquently and effectively with non-technical stakeholders

BONUS

- Experience with PyQt or PySide
- Experience with Visual Effects Asset Management System design or development

If you are interested in talking about this opportunity, please email us and include your ***Resume/CV and website or GitHub.***

If you fit the criteria, the next step would be setting up a phone call where we can give you the full download after signing an NDA requested by our client.
